AWARD-WINNING INNOVATION:

THE ACULAY ACOUSTIC LAYER

now available in more collections

At the heart of our HD Mineral Core® flooring lies the groundbreaking Aculay Acoustic Layer, winner of the prestigious RedDot Design Award 2024. This advanced technology redefines acoustic insulation, reducing noise levels by up to 21 dB (10 dB Δ Lin) and delivering an unparalleled sense of comfort and tranquillity in any space. Certified by TFI Aachen Institute, this system diminishes noise intensity by four times, setting a new benchmark in flooring performance.

Now, the exceptional benefits of Aculay are available across an expanded range of collections. Whether you prefer the timeless elegance of the Herringbone pattern or the contemporary sophistication of the Forma collection, inspired by ceramic tiles, you can enjoy both design versatility and outstanding acoustic comfort in one.

HD MINERAL CORE®

Through innovative research in our laboratories, we have engineered the **HD Mineral Core®**, a state-of-the-art blend of natural rock minerals and sophisticated polymers. This precision-engineered mix **ensures the flooring's peak performance and unparalleled durability**. Proudly, our **HD Mineral Core®** stands out for its absence of phthalates and any plasticizers, highlighting our commitment to environmental safety and quality.

PAW-SITIVELY PERFECT FOR PETS

Flooring built to withstand life's scratches

This innovative technology ensures that our floors maintain their pristine appearance longer, offering peace of mind and sustained beauty in **high-traffic areas**. And, for those who share their home with four-legged friends, rest easy—our flooring can handle even the most enthusiastic and playful scratches. With **Arbiton**, you choose flooring that combines the ultimate in design trends with robust performance, making it a paw-sitively perfect choice for pet owners.

ANTI- SCRATCH

At Arbiton, we are committed to providing products that stand the test of time. Our **ANTISCRATCH TITANIUM NANO LAYER** is a testament to this commitment. This special coating layer is designed to offer unparalleled protection against scratches. Advanced titanium nano technology embedded within the layer enhances its durability, making it 30% more resistant to scratches compared to other vinyl flooring panels available on the market.

PET-FRIENDLY & WATERPROOF

Whether it's muddy paws, water spills from pet bowls, or the occasional mess, our flooring is **100% waterproof, protecting it against stains and moisture.** This makes it the perfect solution for pet owners who want beautiful, worry-free floors that stand the test of time – and pets.

Life with pets can be full of joy – but also a bit messy. That's why our flooring is designed to make your home more pet-friendly while keeping it spotless and healthy.

EASY TO CLEAN & ALLERGY-FRIENDLY

ALLERGY-FRIENDLY

EASY TO CLEAN

Our flooring helps create a healthier environment for you and your furry friends.

Easy-to-Clean Surface: The smooth surface makes cleaning effortless, helping to remove dust, dirt, and pet dander quickly. This makes it easier to keep your home fresh and free from allergens.

Allergy-Friendly Properties: Regular cleaning of the floor helps reduce the accumulation of allergens like dust mites and pet fur, contributing to a cleaner and healthier living space.

AMARON FORMA

For this collection, we employ a revolutionary locking system specifically designed for ceramic-style flooring, enhancing the ease and precision of installation. The **innovative 5G Cross Lock technology**, featuring a **unique cross-shaped mechanism**, securely locks four panels in place, ensuring they remain perfectly aligned in a rectangular pattern set in a straight configuration. This advanced design significantly increases the overall strength, resilience, and durability of the flooring, preventing any shifting of the panels. The result is a flawless ceramic floor effect, achieved with the utmost simplicity and without the need for grout. This system not only simplifies the installation process but also elevates the integrity and longevity of the flooring, providing an elegant, maintenance-free solution that is ideal for modern living spaces.

Our collection introduces a special Pin feature that allows for the effortless removal of a single panel from the entire row. This addition to the **innovative 5G Cross Lock technology** enhances the functionality and flexibility of our ceramic design flooring. With this feature, you can easily replace or access a specific panel without disturbing the surrounding setup, making maintenance and updates remarkably straightforward. This thoughtful design element ensures that our flooring system not only delivers aesthetic excellence and durability but also offers practical benefits that accommodate the dynamic needs of everyday use.
